

The Soren chair combines style, comfort and adjustability features with durability at an unmatched value. Soren goes further, providing a warranty for 24/7 usage that is only found in more expensive seating lines.

Standard features include a ventilated mesh back, tapered design, height-adjustable arms, adjustable lumbar support and 2:1 synchro-tilt control for ergonomic comfort and years of durable service. Other features include vertical position lock and tilt-tension adjustment. Bases are available in durable black nylon or bright aluminum.
